

Fern & Her Friends

by

Vienna Labianca

**Fern is a leopard
Very beautiful and brave
She has four best friends
With whom she plays every day**

**One is a mouse
With a squeaky way
Her name is Bella
And she is gray**

**Second is Tsunami
A splendiferous wave
She is very lively
And helps Fern save the day**

**Third friend is Marsh
Extremely strong and tough
He lives in a swamp
Which is awfully rough**

**Last there is Toco
He is loud and clear
Always there when you need him
Whether far or near**

**Fern is in the middle
Of this friends circle
They all help each other
Their friendship is eternal**
